

ARTIST RESIDENCIES at ILLOURA, South Australia

ART RESIDENCIES lasting one to two weeks will be *offered only twice a year* in Autumn and Spring. There will a selection process which starts with an Expression of Interest Application Form. Our selection criteria is more about whether you are a 'good fit' for living with us during this time. The farm, though close to Adelaide, can seem isolated if you are an urban dweller.

If you make the shortlist, I will be in touch by email to chat more and will also send you a quote of what the Artist Residency will cost. (depending on all your answers below)
